

Golang Education Outreach Emthonjeni Community Centre, Zandspruit

Newsletter 1 of 2010

2010-03-10

Dear Sponsor

Our focus at Golang Education Outreach is on the children living in the Zandspruit Informal Settlement. Their well-being, their education and their further development – mentally, physically, socially, emotionally and spiritually, are our top priorities. We believe that the future success of this community in Zandspruit is dependent on the current attention and care these children receive, and we try to ensure that the curriculum at the Golang Kid's Club follows a holistic and inclusive approach.

As well as providing both breakfast and lunch for the 350 children who are part of the Preschool, the Kid's Club and High School Ministeries, we focus on the following:

- Sport and ball skills (daily)
- Spiritual teaching and worship
- Art, culture and music
- Homework tutoring and Library
- Reflective time in small groups

We are able to achieve these dreams and turn them into reality because of friends like you. Your loyal contributions help to grow these youngsters into enthusiastic and high-spirited people, with a clearer vision of their future.

Please visit our website, www.golangoutreach.co.za, for more information on our recent activities.

Kind regards,

Margaret le Roux
